21441, Number Theory, Fall 2003, MWF 10:30-11:20AM, DH2105
Clifford Smyth, csmyth@andrew.cmu.edu, WEH6218, MF 11:30AM-12:20PM

by Niven, Zuckerman, and Montgomery

10+ HW’s, 20%
3 exams, 50%, (Sep.24, Oct.22, Nov.24, equally weighted)
1 final, 30%

No late HW. A missing HW or exam will be pro-rated.
Cheating/copying will result in a min. of failure for that portion of the course.

The plan is cover all the material from chapters 1-4 and many of the sections
from chapters 5-7,9. There’ll be a “blackboard” web page.
