9. Do you have any other comments to add to your evaluation?

Please provide any additional constructive comments

- Every time I come to the section. This TA just ask if we have any question. He doesn't prepare. If the class don't have any question. He just stand there waiting. Not a helpful TA.
- I thought Mike was an excellent TA because he also took suggestions from students on how to solve problems and showed the work all the way through, to ensure we understood how proofs/problems could be done in several ways, so we weren't simply memorizing one problem-solving technique.
