9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- Michael Tait is a great TA. He is extremely helpful during both discussion and office hours. He encourages the students to participate and be actively engaged. Also, he is thorough in his explanations. However, the discussion sections can be improved if there is more communication between the TA and professor. For instance, since the professor wanted certain homework problems done in specific ways, there was some confusion regarding the way problems should be solved. However, this issue could be eliminated if there was more communication between the TA and professor.
